

富怡数字化仪

Richpeace Digitizer

轻松读取纸样，便于在CAD系统使用

16键数字定位器，定位方便，简单易操作

读图精准，可以帮助您加快设计速度

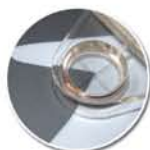

是将传统的手工制图数字化的有力工具

Easily digitize your existing paper markers into CAD system.

16 button cursor for fast and convenient operation.

Fast and accurate markers input help to accelerate production process.

It is a powerful tool for digitize traditional hand-drawn marker design.

数字化仪在各种数字化领域是非常有用的，如服装产业，时尚设计，测绘，矿业，冲压和环境保护等。它可以省去多数标准设置超过30种软件中的选项参数设置，并支持30余种数字格式。其界面友好，兼容性强，易于连接最流行的图形应用程序，如AutoCAD, MAPGIS, Citystar, Mapinfo, Arcinfo, MicroStation, Supermap, Openinfo, Optitex, Arise, Billy, Cyber, GmCAD, Genamap, ViewGIS, MapEngin, ILWIS, SvcAD, DoCAD和田岛系列等。此外，它支持SUN, SGI等工作站。

Richpeace Digitizer is a useful tool for all kinds of industrial data digitization need, i.e. Garment Manufacturing, Fashion Design, Map Making, Mining, Punching and Environment Protection. It saves set up time with more than 30 popular software parameter preset inside the digitizer. User friendly, compatible to most popular graphic applications, i.e. AutoCAD, Mapgis, Citystar, Mapinfo, Arcinfo, Microstation, Supermap, Openinfo, Optitex, Arise, Billy, Cyber, GmCAD, Genamap, ViewGIS, MapEngin, ILWIS, SvcAD, DoCAD and Tajima Series, etc... Furthermore, it supports workstations like SUN, SGI and others.

常用机型

Popular Models

系列 Series	RP-D4460C(A00)	RP-D3648C(A0)	RP-D2436C(A1)
工作面积 (inch) Working Area	44×60	36×48	24×36
操作系统 Operating System	Microsoft Windows 95/98/Me/NT/2000/XP		
硬件接口 Hardware Interface	标准RS-232 Standard RS-232		
电源 Power Supply	AC 220V ±10%		
其他选项 Other Option	普通支架、可升降式和调整仰俯角的支架 Common Stand, Lifting Bracket, Tilt Angle Bracket.
